Displacement	4,200 lbs.

## Test Conditions

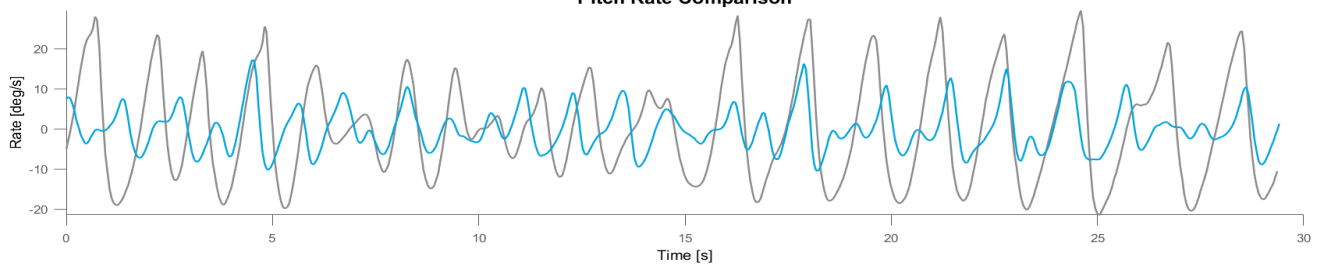

Date	March 19, 2024
Location	Miami, FL
Speed	30 mph
Seas	Following
Sea Conditions	2-4 ft. at 2 secs., extremely windy

Following  
Roll Rate Comparison

Pitch Rate Comparison

Performance results are measured with the system on and off as a reduction of standard deviation in pitch and roll rates at all frequencies at a constant heading and speed.
