Boat Model	2050 Supercab
Boat Year	2023
System	450
Length Overall	30' 9"
Beam Overall	7' 6"
Engine Configuration	1x Yamaha 150hp
Displacement	3,414 lbs.

Test Conditions

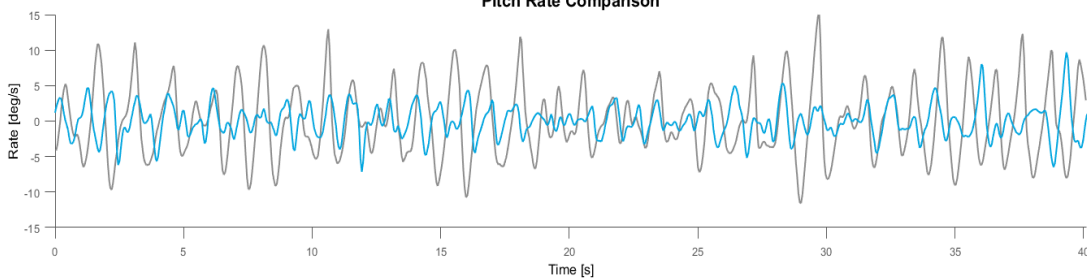

Date	March 1, 2024
Location	Tampa, FL
Speed	27 mph
Seas	Following
Sea Conditions	1-2 ft. choppy at 3 secs.

Following
Roll Rate Comparison

Pitch Rate Comparison

Performance results are measured with the system on and off as a reduction of standard deviation in pitch and roll rates at all frequencies at a constant heading and speed.
